To whom it may concern

We are glad to hereby confirm that NAVINORD has successfully cooperated with CONRAD SHIPYARD during design and construction of class C133 superyacht VIATORIS (LOA 40m).

NAVINORD supported us with extensive professional services on the fields of:

- selection of navigation and communication systems with respect to national marine administration regulations
- unique marine electronics integration design fulfilling Owner's expectations
- antennas arrangement plan
- wheelhouse console arrangement (3D CAD)
- full set of navigation and communications systems electric schematics (2D CAD)
- complex marine electronics installation and commissioning
- sea-trials handling

We consider NAVINORD a reliable partner in business and an expert team in marine electronics field - we find service provided by NAVINORD very beneficial for us and we look forward to the future opportunities to work together.

There is just one way NAVINORD team does the job - perfectly!
