To whom it may concern

This is to confirm that NAVINORD has successfully cooperated with Remontowa Shipbuilding S.A. within design and construction process of training sail ship – our YN B103/1.

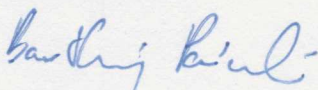

NAVINORD has supported us on the fields of:

- navigation and communication systems selection with respect to IMO-SOLAS and marine administration regulations;
- design of marine electronics diagrams (CAD),
- design of wheelhouse equipment arrangement (CAD),
- design of antenna arrangement plan (CAD),
- wide-scope of marine electronics consultancy,

NAVINORD is a reliable business partner and offers expertise in marine electronics field.

We are confident recommending this company to any prospective business.

Best regards,

Bartłomiej Pomierski  
Vice-President  
Member of the Board
