

To whom it may concern.

This is to confirm that NAVTEAM A/S has been successfully cooperating with NAVINORD for several years. During this time NAVINORD has provided us with professional support in the areas of marine engineering.

NAVINORD's expertise in field of marine electronics and shipbuilding market in Poland have been most useful.

We also recommend NAVINORD as an expert in field of marine electronics maintenance, service, retrofits and fresh installation for wide scope of devices including radars, satellite communications, hydro acoustics and ship security systems.

We definitely treat NAVINORD as a solid and reliable partner.

Yours faithfully  
Johannes Christensen  
Sales and Service Manager
